For Real Estate Developers

Your competitive advantage with Badeloft

Badeloft cooperates with many property and project developers to achieve the successful outcome of sophisticated construction projects. Our certified products of high quality stone resin material are being used in both upscale private and commercial projects. The use of our products enhance the value of the respective property and can therefore lead to an appreciation of the project as a whole.

Badeloft showrooms

Badeloft has showrooms in Germany, France, Switzerland, Ukraine and in the USA.

Giving your clients the opportunity to visit us and experience the products first hand.

Using high end materials and unique designs of our products your property will have the edge over others in the market.

Benefit from our expertise and complete your building projects with our professional support.

Your benefits as a property developer

- 20% and more discount on our competitive prices
- Free interim storage and just in time delivery
- Marketing support for your sales exposé
- DWG and 3D files for optimal visualization
- Made to measure your product ideas for major projects
- 10 years warranty on all stone resin products

Show flat equipment

We are happy to assist with the communication of our product range in your construction projects. We would be pleased to provide you with our products for your show apartments.

Material samples and templates

We can assist you with free samples of our high quality stone resin material in matte and glossy for sampling and free bathtub templates in scale 1:1 for an optimal bathroom planning.
